26 years old

Information System Project Manager

Objectives

Highly motivated to get involved in a **pro-active** and **dynamic** team, open-minded and reliable, I'll be a major asset for the success of your projects.

Professional Experience

Intranet Project Leader / IT Project Manager

EDF Group

From January 2005 to March 2008

Lille - France

Technical project manager of the nation-wide Intranet:

- Management of a 10 developers team (PHP5.X, MySQL5, SubVersion, Trac, UML...)
- Organisation advisor for the project
- Knowledge management

Project management of the LAN reorganisation :

- Planning and organisation of the whole project
- Team management for localised actions (task forces of 4 to 8 people per action)

Creator of NetCV (<http://www.netcv.fr>)

NetCV

From January 2007 to January 2008

Lille - France

NetCV [fr] (<http://www.netcv.fr>) provides to jobseekers a powerful tool to create their CV online (on their own web address), get it on search engines (such as Google, Yahoo, Windows Live...), and export it (mainly PDF, XML and TXT).

My main interests in this project are : technical challenge, marketing, usability, best development practices. The following technologies & techniques were used : PHP 5.2, MySQL 5.1, JavaScript & Ajax, XHTML 1.0 Strict, CSS, Symfony Framework, UML Modeling, Subversion, Trac.
